| <p>Arkay showcases not only the immense beauty of Simien Mountains but also the people who eke out an existence in this unforgiving countryside.</p> | | |
| <p>Day 14: In Axum The ancient city marks the location of the heart of ancient Ethiopia, when the kingdom of Axum was the most powerful state between the eastern Roman empire and Persia. The archaeological and historical attractions in Axum include: the archaeological museum, the magnificent monolithic steles and obelisks, the tombs of king Kaleb and king Gebre Meskal, the legendary bath of Queen Sheba, and the ruins of her palace. The 16th century cathedral St. Mary of Zion, the holiest church in Ethiopia is said to host the original Ark of the Covenant. The churches and monasteries of Axum are richly endowed with icons, and some of the historical crowns of ancient emperors.</p> | | |
| <p>Day 15: Fly Lalibela After breakfast transfer to the airport and flight to Lalibela. The town of Lalibela, lies among the Lasta Mountains at 2630 m above sea level and remains until today a place of pilgrim and devotion for Ethiopian Christians.</p> | |  |
|  | <p>The construction of the eleven rock-hewn churches is attributed to king Lalibela of the Zagwe Dynasty. Some of the 12th century churches are monolithic, carved from a sloping mass of red volcanic scoria underlaid by dark grey basalt and interconnected by a maze of tunnels and passages with openings to hermit caves and catacombs. The Lalibela churches are included in the World Heritage List since 1978. Afternoon visit of the first group of six churches which lie in rock cradles one behind the other: Bet Golgotha, Bet Mika'el, Bet Maryam, Bet Meskel, Bet Danaghel and Bet Medhane Alem. Bet Medhane Alem, the largest one, is built like a Greek temple and its stone floor is so polished by the countless numbers of visitors that it reflects shafts of light. In a corner are three empty graves symbolically dug for biblical patriarchs Abraham, Isaac and Jacob.</p> | |
| <p>Day 16: In Lalibela After breakfast drive to Nakuto Le'Abe Monastery. King Nakuto Le'Abe abdicated his throne in 1270 AD and went to this cave to lead a hermit's life. The cave, sitting on the edge of a steep cliff, has ever since become a monastery. It houses one of the most interesting collections of ancient crosses, illuminated manuscripts and other icons some of which are attributed to its founder Nakuto Le'Abe. Afternoon visit of the other group of rock churches in Lalibela. Bet Giyorgis, possibly the most elegant of all the Lalibela churches, lies somewhat isolated in the south-west part of the village on a sloping rock terrace. It can only be reached through a tunnel. The group of four, south of the Jordan River, comprise of Bet Emanuel, Bet Mercurios, Bet Abba Libanos and Bet Gabriel-Rufa'el.</p> | | |
